

**BLOSSOM  
ACADEMY**

## Data Analytics Instructor

**Location:** Accra, Ghana

**Job Type:** Full-time

### About Blossom Academy:

Blossom Academy is a leading education and career development organization committed to empowering individuals with the data skills and knowledge needed to thrive in the modern workforce. We offer a range of programs designed to bridge the gap between education and employment, equipping our learners with the tools to succeed in their chosen careers.

### Job Summary:

We seek a skilled and enthusiastic Data Analytics Instructor to join our growing team. The instructor will be responsible for delivering high-quality training in data analytics, guiding students through practical projects, and helping them develop the skills necessary to excel in data-driven roles. This role involves both instructional delivery and curriculum development to ensure students are well-prepared for careers in data analytics.

### Responsibilities:

- Instructional Delivery:
  - Teach comprehensive courses in data analytics, covering topics such as data collection, data cleaning, exploratory data analysis, statistical analysis, and data visualization- using Excel, Power BI, SQL, and Python Programming.
  - Utilize various teaching methods, including lectures, hands-on exercises, and real-world case studies, to ensure student engagement and understanding.
  - Provide additional support to students through one-on-one tutoring sessions and office hours.
- Curriculum Development:
  - Collaborate with the academic team to create and update course materials that align with industry needs and standards.
  - Develop practical projects and assignments that allow students to apply their knowledge to real-world scenarios.
  - Continuously assess and refine the curriculum based on feedback and the latest industry trends.
- Student Mentorship:
  - Mentor students on their learning journey, providing guidance on academic challenges and career development.
  - Assist students in building portfolios that showcase their analytical skills and project work to potential employers.
  - Offer career advice, including job search strategies, resume building, and interview preparation.
- Assessment and Feedback:
  - Evaluate student performance through assessments, projects, and class participation.

# BLOSSOM ACADEMY

- Provide timely and constructive feedback to help students improve their analytical skills.
- Track student progress and offer additional resources or support as needed.
- Community Engagement:
  - Participate in Blossom Academy's community events, such as webinars, workshops, and networking sessions.
  - Engage with the broader data analytics community to stay updated on industry trends and share knowledge.

## Qualifications:

- Educational Background:
  - Bachelor's or Master's degree in Data Analytics, Statistics, Computer Science, or a related field.
- Experience:
  - At least 3 years of professional experience in data analytics or a related role.
  - Previous experience in teaching, training, or mentoring is highly desirable.
  - Strong ability to explain complex concepts in an accessible and engaging way.
- Technical Skills:
  - Proficiency in data analytics tools and software, including Excel, SQL, and at least one data visualization tool (e.g., Tableau, Power BI).
  - Strong knowledge of statistical methods and data manipulation techniques.
  - Experience with programming languages commonly used in analytics, such as Python or R.
  - Familiarity with data warehousing concepts and tools is a plus.
- Soft Skills:
  - Excellent communication and presentation skills.
  - Strong organizational abilities and attention to detail.
  - Passionate about education and helping others achieve their goals.

## Preferred Qualifications:

- Experience with curriculum development and instructional design.
- Industry certifications in data analytics or related areas.
- Experience with remote teaching platforms and tools.
